

How can I improve the quality of my work?

Feel happy within the class
ask questions and try not to worry

Understand my focus - what is my goal?

Use the success criteria to help me reach my focus

Verbal feedback

Very important as my teacher will ask questions or make suggestions which will help me to improve.

Visual feedback.

A smile, a nod of encouragement, a glance.

Act on the advice straight away: answer questions, edit work, do corrections, check the focus.

It may be your improvement is a target that could take a while to achieve.

Always check what your next steps were from the last lesson and work towards them.

Verbal feedback

A discussion with my partner
Find positives and an area of improvement together.

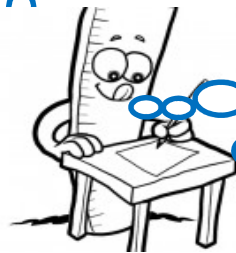

Verbal feedback

My teacher discussing with the whole class
Questions asked, focus reminded, explanations offered, instructions given.

Written feedback

Reading my teacher's comments in my book
I may have to **respond** to a question, say why, give an example or complete a sentence in my green pen.

Respond to feedback

Improved quality!

Make sure you have **TIME** to respond to the feedback given.

Remember to use your **green** pen.
