## Strategic development

The Board of Governors are responsible for overseeing the management of the school: assisting with strategy, policy, budgeting, staffing and for monitoring the performance of the school. Governors play a key role in setting the school's vision and strategy and along with senior leaders and teaching staff ***ensure that every pupil can achieve and become the best they can be!***

## Our School ethos

Kingsmoor is a very special school where positive relationships are nurtured with each child and family. Our school's caring ethos and high expectations are reflected in pupils' extremely positive attitudes, leading to a very favourable climate for learning. We take great pride in establishing a sense of belonging within our community. This is inclusive of all - our Governors, staff, parents and wider community and above all our pupils – listening to each other and working together to provide the very best opportunities for the Kingsmoor child.

**KINDNESS, RESPECT, RESILIENCE, TOLERANCE**

## **Our vision**

***“Kingsmoor is an inspirational school where all want to work, learn and grow to become the best we can be.”***

In order to achieve this the school will:

- **Provide a high quality, inclusive education for all where creativity and personality are allowed to blossom and thrive and where independence, motivation and perseverance become life-long skills in a safe, secure and happy environment.**
- **Nurture all individuals to develop confidence in themselves and tolerance of each other.**
- **Empower individuals to have high self-esteem, ensuring that they aim high and achieve their full potential in all areas of the curriculum celebrating individual achievements and encouraging the success of their peers.**
- **Ensure individuals are equipped with innovative thinking skills which support their journey in life - enabling them to overcome setbacks or problems with a positive mind-set and resilience; and to be prepared for their next stage of education.**
- **Support and encourage all children to respect themselves, each other, the environment and society so that they grow into kind, caring young people who are passionate about making a difference and having a positive impact on our world.**
- **Encourage the behaviours of honesty and trust throughout the school community.**
- **Work together as a community to support a greater understanding of each other, our health and general wellbeing.**
- **Work in partnership with children and families, our governing body, whole school staff and the wider community, instilling a ‘sense of belonging’ and creating positive relationships.**
- **Champion a teaching staff dedicated to enabling pupils to realise their full potential.**

**KINDNESS, RESPECT, RESILIENCE, TOLERANCE**
